

OFF-SEASON CHALLENGE: CONSENT FORM

FIRST® LEGO® League Challenge

Consent and release: production and publishing of personal videos

Dear parents or legal guardians, dear participants,

to take part in the Off-season Challenge 2021/22 of the FIRST LEGO League, it is necessary for the teams to produce three different videos. These videos will be transmitted to the organizer HANDS on TECHNOLOGY e.V. via a server that we own (location in Frankfurt am Main) where the videos will be evaluated by the judges.

For this, we would like to ask for your consent as follows:

We declare our consent, that videos, in which my/our child

_____ is recognizable in, are sent to HANDS on TECHNOLOGY e.V. for participating purposes in the Off-Season Challenge and can be viewed there.

We can revoke this consent at any time by sending an e-mail to: info@hands-on-technology.org. A cancellation, however, leads to the exclusion from the competition.
